EDUCATION

Laguna State Polytechnic University

Bachelor of Science in Computer Science

Santa Cruz, Laguna

Expected Graduation: August 2026

- Relevant Coursework: Software Engineering, Applications Development and Emerging Technologies, Introduction to Graphics and Visual Computing, Data Structures and Algorithm, Object Oriented Programming, Discrete Structures, Algorithms and Complexity

PROJECTS

Lead Developer, Inventive Media Real-Time Examination App

- Built a live testing platform using the TALL stack (Tailwind, Alpine.js, Livewire, Laravel) to handle active users.
- Applied the Strategy Pattern to cleanly manage the underlying logic for displaying and handling varied exam question formats.
- Guided the team by checking their work and cleaning up code to make sure the app runs fast and is easy to maintain.

Co-Developer, Systemic Disease Detection System via Fingernail Features

- Implemented the AI-Web connection logic and modular architecture of the web app.

UI/UX Developer, NIA Document Tracking System and Management

- Improve the overall look and user experience of the system.
 - Migrated Bootstrap to Tailwind for more modern look.
 - Fix bugs and clean unnecessary codes.

Developer, Student Concern Hub

- Designed and developed the entire system using C# Windows Forms.

SKILLS

- **Programming Languages:** JavaScript, Python, HTML/CSS, PHP, Lua, C#
- **Technologies:** Laravel, Livewire, Alpine.js Bootstrap, Tailwind CSS, Flask, UNIX, Treesitter, ESP32
- **Tools:** Git, Jujutsu-VCS, Vim/Neovim, Visual Studio Code, Linux (WSL, Pop!_OS)

WORK EXPERIENCE

Web Developer – Intern

November 2025 – Present

Inventive Media

Makati City, Philippines

- Designed and prototyped modern, user-centric web interfaces using Figma, ensuring responsive layouts and intuitive user experiences.
- Developed custom WordPress plugins using PHP to extend site functionality, including engineering a dynamic mega menu and a custom event management system.
- Monitored site traffic and maintained overall website health, successfully identifying and mitigating a malicious bot attack to protect server resources and ensure uptime.

ACHIEVEMENTS

CCS Robotics Competition - Champion

July 2025

- Won First Place in the first-ever CCS Robotics Competition, showing strong skills in robot design, programming, and teamwork.

CERTIFICATES

Laravel PHP Framework Training, Inventive Media

February 2026

PHP With MySQL Training, Inventive Media

February 2026

AWS Cloud Practitioner Training, Inventive Media

December 2025

MS Windows Server 2022 Administration Training, Inventive Media

December 2025

Social Media Marketing Training Philippines, Inventive Media

November 2025
